EXAMS FOR ASFPM CFM

The ASFPM CFM exam shall be approved by the ASFPM Certification Board of Regents (CBOR). The exam will be "closed book" and will be held in a proctored classroom environment. All exams will be pass/fail and the results will be held in strict confidence. ASFPM CFM exams will be given at each ASFPM annual conference and other locations as approved and specified by the CBOR.

The ASFPM certification exam measures a person's knowledge of a community's responsibilities under the National Flood Insurance Program (NFIP) and related floodplain management topics. The ASFPM CFM Program has established a policy in which the National Exam is approximately 120 multiple choice and true/false questions. Approximately 20 questions require obtaining information from a Flood Insurance Rate Map, Flood Boundary and Floodway Map and Flood Insurance Study. Another 5 to 10 questions focus on the FEMA Elevation Certificate.

The exam requires approximately 2 to 3 hours to complete. It covers the following seven categories in the proportions shown. Under each category are examples of the topics that are tested.
