

Employment Opportunity

CIVIL ENGINEER II

Posted: June 13, 2017

Position Summary

Unique opportunity to work for a thriving community in the Western Suburbs. This is a professional civil engineering position overseeing private and public construction projects within the City. Analyzes and interprets complex engineering construction and planning documents for compliance with City requirements. The position encompasses design/construction of private development, public works and utility projects. Provides information assistance to the public and staff regarding City standards and policies. Work is performed under the direction of the City Engineer.

Requirements

- Bachelor's Degree in Civil Engineering.
- Minimum four (4) years of progressive, professional engineering design and project management experience.
- Registered Professional Engineer in the State of Illinois or other state or the ability to obtain within six months.
- Intermediate to advanced skills in Microsoft Office. AutoCAD experience a plus.
- Valid Driver's License.

Preferred Qualifications

- Work experience in a municipal environment.
- Prior plan review experience.
- Prior construction oversight experience.
- Prior drainage investigation experience.
- Registration as a Certified Floodplain Manager (C.F.M.)
- Working knowledge of the DuPage County Countywide Stormwater and Flood Plain Ordinance.

Wage: \$85,000 +/- DOQ. Full time position with an excellent benefit package.
